Eclipse IoT 2025 program plan	All	40
VOTE: Eclipse IoT 2025 program plan	All	5

Present

Robert Andres — Eurotech
Frédéric Desbiens — Eclipse Foundation
Phani Gangula — ZettaScale
Jeffrey Osier-Mixon — Red Hat

Absent
Dr. Guru Prasad — Bosch

1. Adopt the minutes of the September 23, 2024, call
The minutes were adopted unanimously.

2. OCX 2024 Recap
Frédéric Desbiens delivered a short report about the OCX 2024 conference. The event was well attended in general. Participation in the Birds of a feather session compensating the lack of a community day was lower than expected, but the discussions were interesting.
Robert Andres, who attended the event, recommended to bring back the community day concept.

The next edition of OCX will take place in 2026 in Brussels, Belgium.

3. Eclipse IoT 2025 program plan
Frédéric Desbiens reviewed the draft program plan proposal with the members of the committee, incorporating their feedback as the discussion progressed.

The main task of the program is clearly to re-scope and re-brand the working group. The current format did not bring the membership growth we need and must be changed.

4. VOTE: Eclipse IoT 2025 program plan
This point was skipped since not all delegates could participate in the call. Frédéric Desbiens will organise an electronic ballot on the working group's mailing list.Agenda
