#### 1. Adopt the minutes of the February 24, 2025, call

The minutes were approved unanimously.

#### 2. Upcoming staffing changes

Frédéric Desbiens announced to the committee that the Eclipse Foundation recently hired a new program manager. This staff member will be primarily responsible for the Oniro working group initially, but will take over program management duties for Eclipse IoT over time.

Frédéric also informed the committee that the Foundation was getting close to hire a new dedicated Embedded and IoT marketing manager.

### **3. Working Group new scope and brand**

The steering committee continued its a discussion on a new name and scope for the working group as highlighted in its 2025 program plan.

The members of the committee discussed name and scope proposals for the working group from various participants. The discussion was inconclusive. However, the terms “intelligent edge” and “connected edge” resonated with all participants.

The delegates agreed to continue the discussion at the next meeting.
