1. Adopt the minutes of the April 27, 2025, call

The minutes were approved unanimously.

2. Welcome to Thea

Frédéric Desbiens welcomed Thea Aldrich, the Eclipse Foundation's new marketing manager for Embedded and IoT. Thea shared highlights of her career, including experiences at the Zephyr project and RISC-V International.

3. 2025 Embedded and IoT Developer Survey

Frédéric and Thea informed the committee that the annual Embedded and IoT developer survey would launch later in the week. The survey's questions have been reworked according

to the feedback provided by the Eclipse IoT steering committee. The survey will run until September 30, 2025. Foundation staff will prepare and publish the report during Q4 of 2025.

4. OCX 2026

Thea reminded the committee members about OCX 2026 which will take place in Brussels on April 21-23, 2026. The event will include an Embedded and IoT track as it was the case for the 2024 edition.

Sponsorships are available now and the call for papers is expected to open in August.

5. Working Group new scope and brand

The members of the committee discussed the working group's new scope and brand. However, no final decision was made. The members agreed to continue the discussion at the next meeting.
