Present

Thea Aldrich — Eclipse Foundation
Robert Andres — Eurotech
Frédéric Desbiens — Eclipse Foundation
Phani Gangula — ZettaScale

Absent

Jeffrey Osier-Mixon — Red Hat
Dr. Guru Prasad — Bosch

1. Adopt the minutes of the June 23, 2025, call

The minutes were approved unanimously.

2. 2025 Embedded and IoT Developer Survey

The survey is currently underway. Early participation trends suggest we are on track to meet or exceed last year's response levels. The survey will run until September 30, 2025. Foundation staff will prepare and publish the report during Q4 of 2025.

3. OCX 2026

Thea reminded the committee members about OCX 2026 which will take place in Brussels on April 21-23, 2026. The event will include an Embedded and IoT track as it was the case for the 2024 edition.

Sponsorships are available and the call for papers is expected to open in August.

4. The Things Conference (Amsterdam, September 23-24, 2025)

Frédéric Desbiens informed the committee of the Foundation's participation to The Things Conference. The event will take place on September 23 and 24 in Amsterdam, Netherlands.

The Foundation has been offered a free package including three talks, two panels, and two workshops. Frédéric will lead one of the talks and will run a ThreadX workshop.

5. Working Group new scope and brand

The members decided to continue the discussion at the next meeting, since some of the delegates are missing.
